CAREER OBJECTIVE

As a recent graduate proficient in core Java, SQL, HTML, and CSS and JavaScript. my career objective is to launch my software development journey. I'm eager to apply my academic knowledge to real-world projects, seeking an entry-level role that promotes mentorship and collaboration. I aim to contribute my technical skills while continuously learning and adapting.

TECHNICAL SKILLS

Java:

- Proficient in Java programming and Object-Oriented Programming (OOP) concepts.
- Skilled in regular expressions, sorting algorithms, data structures, and exception handling.
- Proficient in multi-threading for concurrent application development.

SQL:

- Proficient in SQL for data retrieval, modification, and database management.
- Experienced in database design, normalization, and indexing.
- Knowledge of relational database management systems (RDBMS) like MySQL.

HTML and CSS:

- in HTML for creating structured and semantically correct web pages.
- Skilled in creating responsive web designs using HTML and CSS. Familiar with HTML5 and CSS3 feature.
- Experience with Bootstrap for building responsive and user-friendly web interfaces.

JavaScript and DOM:

- Basic proficiency in JavaScript for web development.
- Usage of arrow functions for concise code and callback functions for handling asynchronous operations.
- Knowledge of common array methods such as push, pop, unshift, and shift for data manipulation.

Git and GitHub Basics:

- Proficient in using Git for version control and collaborative software development.
- Knowledge of Git basics such as commit, push, pull, and branching.
- Familiarity with creating and managing repositories on GitHub.

EDUCATION

Seemanta Engineering College

Bachelor of Technology
Computer Science and Engineering

Odisha, India
August 2019 - July 2023
CGPA: 8.4

Bahragora College Baharagora

Intermediate of Science

Jharkhand, India
May 2017 - May 2019
Percentage: 61.6

Saraswati Shishu Vidya Mandir Baharagora

Secondary

Jharkhand, India
May 2016
Percentage: 78.2

PROJECTS

Bank Management System :

- **Tool :**Core Java(Swing and AWT),MySQL.
- It operates in a manner similar to a typical ATM. The functionality of this ATM Simulator System includes depositing, withdrawing, opening banking accounts, producing mini statements, changing pins, and more.

Weather Checking Website :

- **Tool :** JavaScript,HTML,CSS.
- This project demonstrates the creation of a Weather Forecast Application that provides users with accurate weather information using API.

News Feed :

- **Tool :** JavaScript,HTML,CSS.
- It populates all the latest news on the feed,uploaded by users

SOFT SKILLS

Problem Solving	Develop analytical and critical thinking skills to troubleshoot issues and find efficient solution.
Learning Ability	Demonstrate a willingness and ability to rapidly learn new tools languages,and frameworks.
TimeManagement	Ability to complete the task before the deadline.
Adaptability	Quickly adapt to new technologies,methodologies and flexible and ready to adjust plane in response to unexpected changes or priorities.

CURRICULUM ACTIVITIES

- Volunteer in Winter Special Camp Organised by National Service Scheme (NSS) December,2021
- Participate in inter college cricket tournament and become winner.
